Missions at WCHC

FOR STAFF

Missions for staff

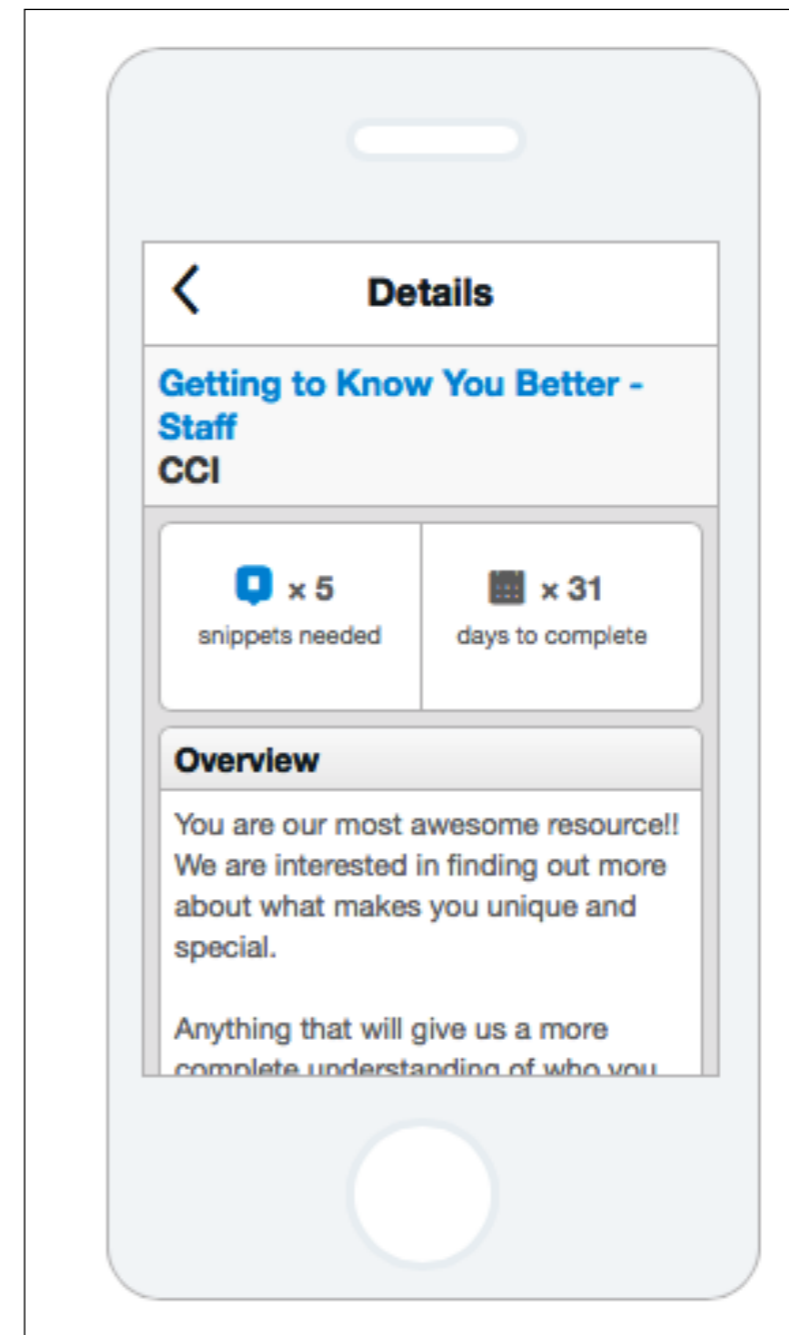

- **WHAT INSPIRES ME ABOUT MY JOB:** We want to change the world – let's admit it. And part of the reason we work in a community health center is to make a difference. Please take a moment to share what inspires you to work at West County Health Centers.
- **CARE TEAM MISSION – WE ROCK:** You ROCK – we know it. It is time to show off! This mission is designed for you to show us your stuff and tell your story.
- **MY IDEA:** We want to hear your ideas. We want to care for our patients in a way that is extraordinary. Meaningful. Worthy of our patients' trust. What we would want for our family and ourselves. We aren't there yet and we want to continue to improve.

We think you have ideas that will make a difference – like a treasure to be discovered. Please take a minute and share that idea that has been burning inside just waiting to get out (or maybe just a great idea).

- **GETTING TO KNOW YOU BETTER – STAFF:** You are our most awesome resource!! We are interested in finding out more about what makes you unique and special. Anything that will give us a more complete understanding of who you are will allow us to show you off and know you better! We think using pictures to help you tell your story is different and more interesting - and it should be fun!

Staff Mission: *Getting to Know You Better*

Q1 What does this picture mean to you. An adjective, hashtag, sentence, statement - be creative.

This was a fun random adventure to Seattle that I took with my mom, little brother and two family friends. Family is love, not genetics. I am so grateful for all of the different and amazing family I have in my life.
