## Addiction Treatment Starts Here: Primary Care In-Person Learning Session #2 Day 2 Evaluation

What are 2-3 actions that will you take as a result of attending the convening?
Thinking about the convening overall, what sessions or other aspects of the convening were most valuable to you
What could we have done differently or better?
What MAT-related topics do you and your team need support on? What technical assistance can CCI provide that would enable you and your team to accelerate improvement in these areas?
Any other comments/suggestions?

Thank you for taking the time to provide your feedback!
