ICEBREAKER!

Venice Family Clinic Overview

Our Mission:

 Venice Family Clinic's mission is to provide quality primary health care to people in need

Our Services:

- Comprehensive primary health care & supportive services with 125,000+ visits in FY 2017-2018.
- Eleven clinics, satellite, and school based clinics as well as shelter- and street-based outreach teams.

VFC Substance Use Services Overview

Medication-Assisted Treatment

13 X-Waivered providers & 18 Vivitrol providers

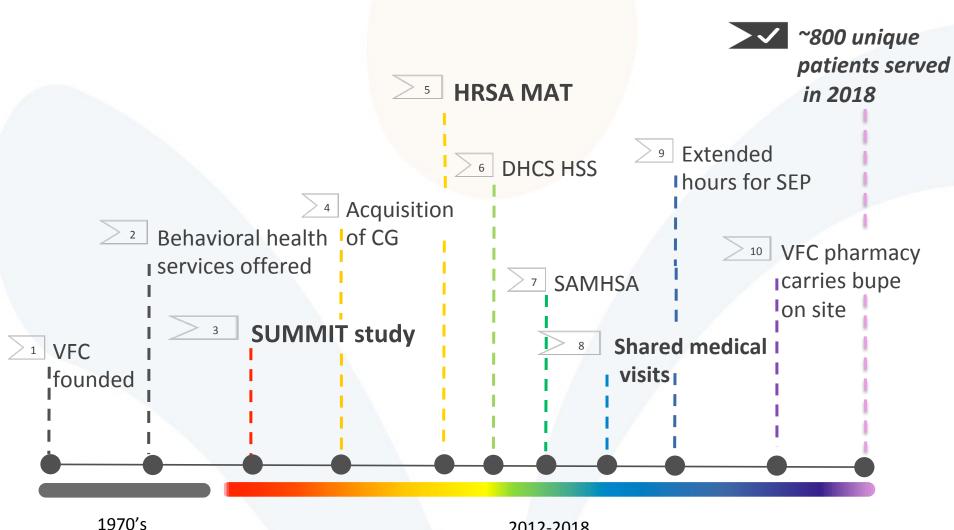

Psychosocial Services

- Counseling
- Therapy
- Case management
- Support groups

Common Ground Services

- HIV prevention and treatment
- Case management
- Syringe access

SUD Services Roadmap

2012-2018

Your Turn!

- What does your MAT team look like?
- How many patients are you currently servicing?
- Where do you want your program to be in 2 years?

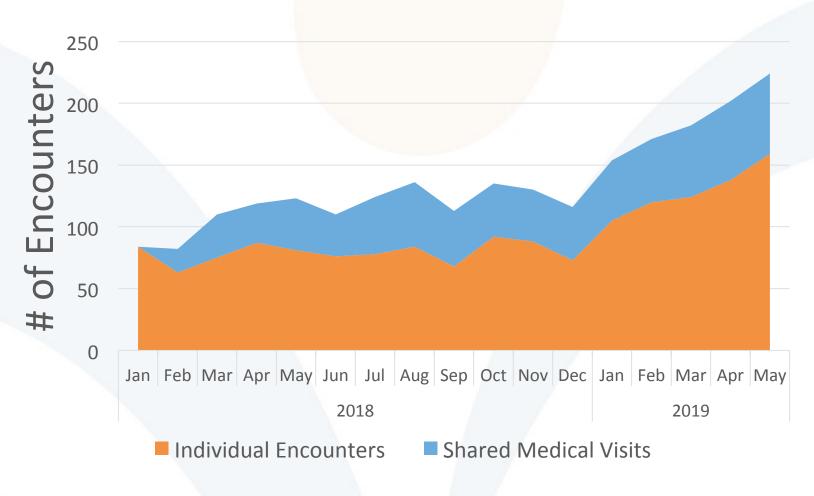

Scaling & Improving Access to SUD Services

- Screening
- Quality Improvement, Data Quality, & Population Health
- Shared Medical Visits
- Organizational Culture
- 42 CFR Part 2
- Multiple points of access

MAT Encounters: Buprenorphine

Chill with Gil

Discussion Point 1: Inductions & Treatment

What is your conversation with patients around inductions and withdrawal management?

How do you choose between mono and combination tablets?

What's your/the clinics process in monitoring pts with comorbidities and/or on benzo's?

Discussion Point 2: Diversion

What's the conversation with patients who continue to say, "I lost my prescription"?

Do you have any experience with DEA audits?

Discussion Point 3: Supportive Services

What do your shared medical visits and support groups look like?

What is the structure of your interdisciplinary team?

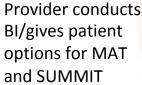

Point of Access Workflow

Patient connected with behavioral health staff for additional services

At any time, a patient can opt-out of any one of these services

SBIRT

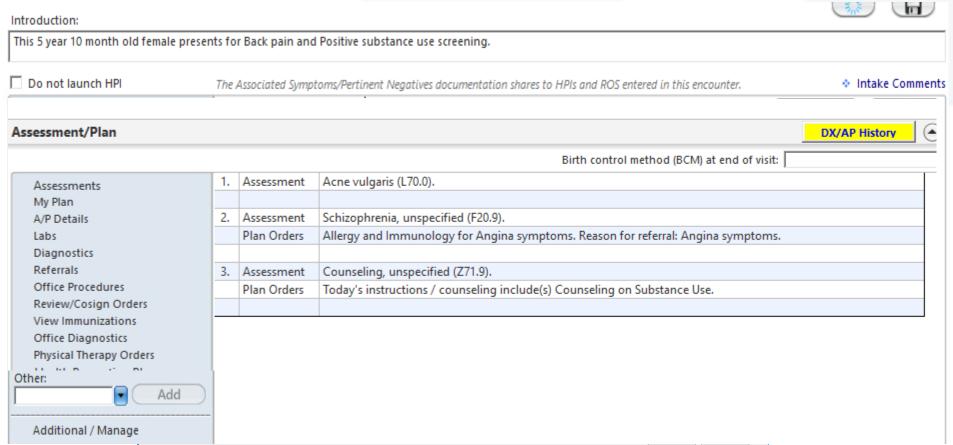

Screening

VFC Alcohol and Drug Screening						×
