The hang of it! Gets easier, doesn't it?**

**Is leadership a  
position or  
influence?**

**The erroneous thinking of this myth is that leadership is a position, not influence. When potential leaders understand the dynamics of gaining influence with people, they come to realize that position has little to do with genuine leadership. You can lead others from anywhere in the organization, and when you do, you make the organization better.**

***The truth is you don't have to be the president or CEO to lead effectively. So how do you do it? You learn to develop your influence wherever you are in the organization by becoming a 360-degree leader, where you learn to lead up, lead across and lead down. – John Maxwell***

HOW ABOUT:

**HUMAN**

**Bringing them back to Humanity**

Addiction is not in itself the problem, but Rather attempt to solve the problem

Do you think there is a relationship between peoples Trauma, Hurt, Pain, Behavior and Addiction?

Roots nobody can see maybe nobody even knows about.

Perceived Pain, Sexual, Mental, Physical, and Emotional Abuse.

It takes a lot of work to wake up as a human being, its a lot easier to stay "asleep" then to wake up! — Gabor Mate

# PRINCIPLES OF HARM REDUCTION

MEET  
PEOPLE  
WHERE  
THEY  
ARE

DRUG ABUSE  
IS A HEALTH  
ISSUE, NOT A  
CRIMINAL ONE

SUPPORT,  
NOT  
STIGMA

THERE'S MORE  
THAN ONE  
PATH TO  
RECOVERY

THERE'S NO  
RECOVERY FROM  
FATAL OVERDOSE

THE  
OPPOSITE OF  
ADDICTION IS  
CONNECTION

NOT EVERYONE  
IS READY TO  
STOP USING  
DRUGS

WE CAN  
PREVENT  
DEATH BY  
OVERDOSE

## What is Medication Assisted Treatment?

Medication assisted treatment (MAT) is the use of medications in combination with counseling and behavioral therapies for the treatment of substance use disorders. A combination of medication and behavioral therapies is effective in the treatment of substance use disorders, and can help some people to sustain recovery.
