# CCA Portal vs. CCA Club

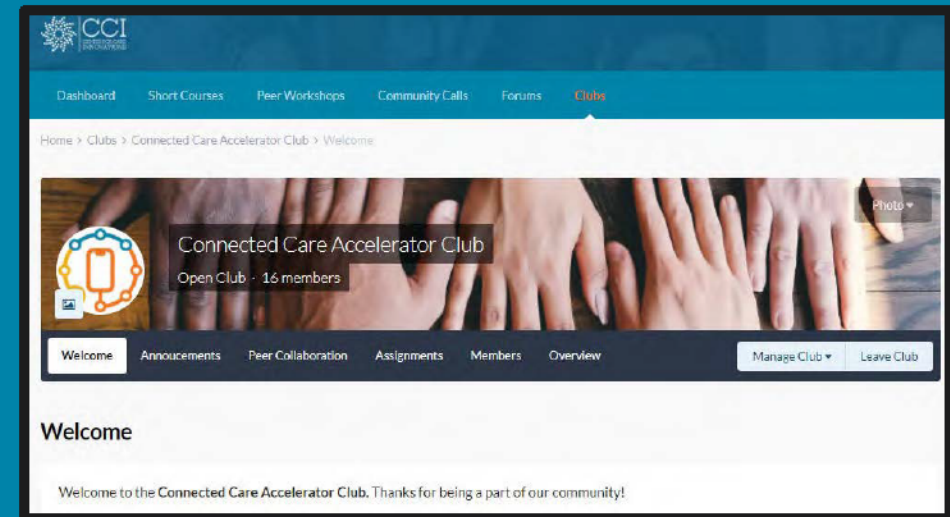

What's the difference?

## CCA Portal

- View archived webinar recording + slides
- View upcoming program activities + deliverables
- Register for upcoming events

## CCA Club

- Seek help or advice from your peers
- Submit your homework assignments as well as view & engage with other organization's submissions
- Participate in discussion around CCA successes + challenges

# CCA Club

Joining the club

After navigating to the CCA Club make sure to click the blue button that says, **"Join Club."**

This will ensure that you'll have access to all attachments, links and more!

**Note:** If you don't click join club you will not be able to download or view any attachments.

# Homework Assignment #2

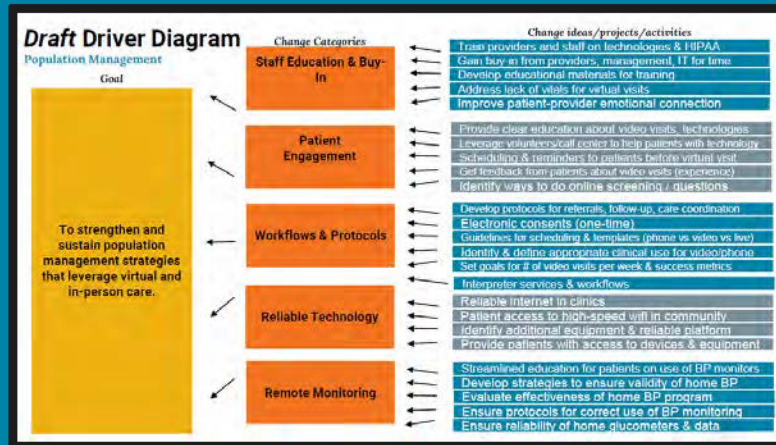

Today's Booster Webinar will center around this tool

Select & test one change idea

Capture learnings on Rapid Experiment Template

Complete the Rapid Experiment PowerPoint Slide

**Rapid Experimentation Template**

Concept Name:  (Concept name and brief description goes here)

---

**Before Experimenting - Your Learning Plan**

Top 3 learning questions this experiment is testing	Signals of Success (Qualitative and/or Quantitative) <i>(By number or date when you see...)</i>	Test / Prototype Method <i>(By date, time, roles, roles, materials, where, etc.)</i>	Assumptions <i>(What needs to be true for you to see...)</i>

---

**After Experimenting - Your Results**

What We Learned <i>(What did we find out? What did we learn? Did we see the results we expected? Did we find out anything about our assumptions?)</i>	Insights <i>(Based on our learnings, what do we need to change? What are we taking away from this experiment?)</i>

**Organization Name:**

**Cohort:**

**Describe the change idea you rapidly experimented.**  
Share a brief overview rapid experiment your team conducted over the past month:  
In 2 - 3 sentences describe what you tested, what you were trying to learn & any progress you made.

**Key Learnings thus far:**  
Share ah-ha moments here!

**Next Steps:**

## Chat Box: What are you hoping to get out of today?

(i.e. Tangible Examples... Help understanding the Rapid Experiment Excel Tool...)

**The poll is anonymous.**

# **Poll: What stage of the homework are you in?**

***There is no wrong answer. Your answers will help us determine how deep we go into the next few slides.***
