

# Sample ATSH Track 1 Driver Diagram

# Sample ATSH Track 2 Driver Diagram

**Aim Statement**  
"By September 2020, Main Street Clinic will **expand** our MAT program by offering services at 2 additional sites, adding 3 x-waivered clinicians, and enrolling an additional 100 patients in MAT"

**Leadership and Culture**

Leadership support the work, share vision for the program structure and staffing model, and all staff training on terminology and reducing stigma (new-hire training and reinforced regularly w/ staff)

Identify and optimize financial sustainability of MAT/ODU services

**Program Performance Monitoring**

Team meetings - no less frequently than monthly

MAT measures collected/reviewed monthly, (submit to ATSH quarterly). Also collect/monitor patient level outcomes

**Patient Identification and Initiating Care**

Hub sites trained on established screening and assessment protocols

Standardized Trainings: non-stigmatizing terminology, motivational interviewing, harm reduction and patient centered care

**MAT Care Delivery and Monitoring Treatment Response**

Train new MAT team members on protocols for starting, stabilizing, and maintaining care

Optimize processes to handle higher patient volumes (physical exams, lab draws, conducting lab tests, refill and stabilization visits, etc.)

**Care Coordination**

IT Systems and MAT Registry is optimized for data collection, monitoring, report generation

Expanded and optimized partnerships with external organizations (ED, recovery services)

**Organizational Management Structures that Support MAT**

Creation of committee with authority to monitor, oversee, and promote expanded MAT services

Coordinate identification, recruitment, and training for more providers to get x-waivered
