

# Kaiser Permanente Transformation Accelerator: Mid-Atlantic Region

## Learning Session #3: Data Analytics

July 24, 2018

Kaiser Permanente Center for Total Health  
700 2nd St NE, Washington, DC

### Learning Objectives:

1. Share your progress towards your aims and challenges
2. Understand the purposes for measurement and using data to improve care
3. Identify and practice with the key components to develop a strong infrastructure and culture around data driven care and improvements
4. Share and learn about best practices for transforming data into useful tools and workflows to do applied population management as part of your planned care and outreach efforts
5. Identify 3 actions to take back to your organization

### Pre-work:

- Prepare a “storyboard” slide deck to share during your team’s lightning round, including: your core team, aims and measures, primary drivers and changes, data visuals, learnings and challenges.
