

Medication Assisted Treatment (MAT) Program

STEP ONE:

Meet with Care Coordinator to complete forms, initial assessment, and determine if appropriate for MAT treatment. **Completing assessment does NOT guarantee medication or eligibility to MAT program.**

STEP TWO:

Meet with behavioral health clinician for MAT Assessment to discuss program and treatment options. **Completing assessment does NOT guarantee medication or eligibility to MAT program.** If appropriate, you will be scheduled to see a prescriber to evaluate for medication assisted treatment.

STEP THREE:

Meet with prescriber to begin medication assisted treatment.

If you have any questions about this process, please call 760-520-8340 and request to speak with the MAT Care Coordinator.

Help is available – you are not alone!

We are here to discuss your treatment options to start your recovery journey!
