

EVALUATION OVERVIEW

How will you and your organization be involved in the evaluation?

As the first PHLN cohort, your insights are critical to telling the story of this PHLN and its impact. We want to hear from you at every step of the way. This framework briefly outlines key evaluation activities as opportunities for shared learning. Tentative timelines for Year 1 are presented here. Most activities will continue into Year 2, with an additional focus on understanding changes related to Year 2 projects.
