

PHLN Convening #3

Thursday, December 5, 2019

Oakland Hilton Airport Hotel

Learning Objectives:

By the end of the learning session, you will have:

1. Connected with peers to advance your population health management capabilities by sharing best practices and lessons learned across PHLN domains.
2. Strengthened your year two projects by infusing new ways of thinking and problem-solving challenges through peer dialogue and exchange.
3. Moved from experimentation and testing to building a culture around population health management.
4. Identified key steps for sustaining and spreading population health capabilities throughout your organization.

8:30 – 9:00am Breakfast

9:00 – 10:30 Opening, PHLN Reflections, and Looking Toward the Future of Value-Based Care
