

UCSF S.O.L.V.E. HEALTH TECH

PROVIDING TECH INNOVATION PILOT SUPPORT

We'll help you define a clear, feasible measurement plan. For example, we can advise on:

- Measure development
- Identification of existing measures
- Study design
- Sampling strategies

TEAM

We are applied researchers based in San Francisco's safety-net health care system.

Courtney Lyles
Director

Urmimala Sarkar
Director

Kim Nguyen
Technical
Assistance Lead

Sarah Lisker
Program Manager

During your pilot, we can provide support with:

- Collecting, managing, and interpreting data
- Troubleshooting data and integration issues

This support is provided as a benefit to CCI Technology Hubs. Contact us at solvehealthtech@ucsf.edu to schedule an initial consultation.

**OUR MISSION IS TO ENSURE
TECHNOLOGY CAN IMPROVE
HEALTH FOR ALL**
