St. John's Well Child & Family Center Traynham Clinic

Assisted Recovery Collaborative's MAT Team

SJWCFC ARC MAT Team

- Our Core MAT Team:**
 - Angela Bartolome, LCSW, IBH Clinical Supervisor / Lead Clinician for MAT
 - Mario Moreno, CADC-II, Lead Prevention Specialist for MAT
 - Dr. Lin, Data-X Waiver Provider, Champion MAT provider @ Compton Clinic
 - Dr. Seifai Wu, Data-X Waiver Provider, MAT Provider @ Traynham Clinic
- Our MAT Team:**
 - MAT Prescribers:
 - Dr. Wu - Traynham
 - Dr. Lin - Compton
 - Sonya Tran - Traynham
 - Dr. Banderpale - Traynham
 - Alexis Gomes Psych FNP - Compton
 - Prevention Specialists:
 - Nicole Daniels RAD-T
 - Carolina Estrada RAD-T
 - Mario Moreno CADC II
 - Behavioral Health:
 - All clinical staff are expected to collaborate and support referrals to the ARC Team and MAT

MAT @ Compton Clinic

- Our community:**
 - Houses out Transgender Health Program, PRIME, Homeless Services, RISE
 - Overall St. John's is a provider for the most undocumented community in Los Angeles
- Capacity:**
 - Champion: Dr. Xioamei Lin MD
 - Currently treating 15 patients regularly
 - 1 part-time provider - Alexis Gomes, Psych FNP
- Home-base induction:**
- Goals for ATSH participation:**
 - Increase access of MAT to community - 60 patients end of 2019

Capability Assessment: What We Learned

- In completing the assessment, we were surprised by:
 - The significant impact in access to MAT with support from leadership
- Our team's areas of strength:
 - The dedication of our MAT medical providers is critical in the change of culture for the clinic site
 - Increased eagerness for others to also be MAT and Data-X providers
- Areas for development:
 - Ongoing refining of the work flow
 - Increase our numbers
 - Patients screened
 - Patients receiving MAT
 - Increase psychoeducation for all members of patient care staff, especially Primary Care Provider's comfort and readiness to provide MAT even if not Data-X Waivered requirement medication.

MAT @ Traynham Clinic

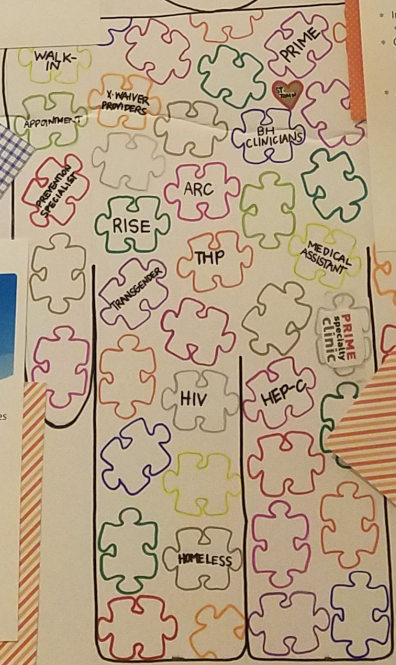

- Our community:** We provide primary health care to everyone
 - "Traynham" near USC/DTLA
 - Houses out Transgender Health Program, PRIME, Homeless Services, RISE
 - Overall St. John's is a provider for the most undocumented community in Los Angeles
- Home-base induction:**
- Capacity:**
 - 1 full time provider - Champion: Dr. Wu
 - Patient population: 8 consistently
- Team growth:**
 - 2 eager new providers - Dr. Sushant Banderpale MD, Sonya Tran FNP
 - New Prevention Specialist - Nicole Daniels RAD-T
- Goals for ATSH participation:**
 - Integrate new team in the next 90 days
 - Increase MAT patient numbers to 20 in the next 6mo.

Current State Assessment

- We spoke to:
 - Our Staff of Case managers, Clinic Managers, Champions
- From providers and staff we learned:
- From patients we learned:
 - some patients may be MAT forever, some won't
- Other insights we gathered from current state activities:
 - Creating baselines for staff knowledge takes time and patience.
- We received the following feedback on the appropriateness and acceptability of using MAT in our clinic:

Please contact us - do you offer MAT for adolescents? email: mkenano@ccc.org

How do you keep patients retention? Northwest Valley?

Assisted Recovery Collaborative's (ARC) MAT Team

* **Capacity**

- * Champion: Dr. Xioamei Lin MD
 - * Currently treating 15 patients regularly
 - * Part-time waived providers – Alexis Gomes, Psych FNP, Justin Allen FNP

* **Home-base induction**

* **Goals for ATSH participation:**

- * Increase access of MAT to community – 60 patients end of 2019

Capability Assessment: What We Learned

- * In completing the assessment, we were surprised by:
 - * The significant change in access to MAT to patients with support from leadership
- * Our team's areas of strength:
 - * The dedication of our MAT medical providers is critical in the change of culture for the clinic site.
 - * Increased eagerness for others to also be MAT and Data-X providers
 - * De-stigmatizing the language around patients of addiction, and access to supports
- * **Areas for development:**
 - * Ongoing refining of the work flow with changes and growth of our team
 - * Increase our numbers
 - * Patients screened
 - * Patients receiving MAT
 - * Access to medication at the sites
 - * Increase psychoeducation for all members of patient care staff, especially Primary Care Provider's comfort and readiness to provide MAT even if not Data-X Waivered requirement medication.

Current State Assessment

- * We spoke to:
 - * Our Staff of Case managers, Clinic Managers, Champions
- * From providers and staff we learned:
 - * How to better collaborate with in our ARC team for smooth flows
 - * People work differently, sites and collaborations are customized with the teams
 - * Having diverse people on a patient's care team creates more sustainable recovery
- * From patients we learned:
 - * some patients may be MAT forever, some won't
 - * Not all patients want IBH or Prevention Specialists as part of their MAT treatment, some NEED IT.
- * Other insights we gathered from current state activities:
 - * Creating baselines for staff knowledge takes time and patience.
- * We received the following feedback on the appropriateness and acceptability of using MAT in our clinic:

Our Team Has Been Wondering . . .

- * Tips on having a thorough protocol and procedures for our multi-site program.
- * How have other sites addressed outreach?
- * Who is doing ED Bridge in Los Angeles?

Advice For Other Teams

- * Support from leadership is critical
- * Collaboration across departments makes HUGE difference in impact to patients.
- * Patients want to feel well, explore what their buy-in is for engagement and retention.
- * Not all patients want IBH, SUD Counseling, with their MAT medical therapy...
 - * but those that don't may need support in other places to stabilize their psychosocial stressors and reduce barriers to their wellness.
- * Once the Champion MAT provider can demonstrate it's effectiveness, more medical providers are open and eager to participate as X-Waiver providers.
- * Supports from other sites has been VERY HELPFUL
 - * (Shout out to: Venice Family)
