Team-based Care Reflections

Our AIM(s) for the KPTA Project:	
1.How can our leadership and present team structure support the KPTA AIM of providing Value Based Care? How are roles and responsibilities documented?	*List barriers, opportunities and action steps*

2. Do we have the right people on our team, including patients? Why or why not? How do we get the right people?	*List barriers, opportunities and action steps*
3. Do we have the necessary support structures (time, information, training, opportunity) to ensure our Team Work is effective? What would help?	*List barriers, opportunities and action steps*
